<p>SPECIAL FOCUS COURSES</p>	<p>DATES</p>

<p>THE COMPLETE (NATURAL) RIDER MAKEOVER (1 or 2-week)</p> <p><i>There is something exhilarating and incredibly fulfilling about being beautifully balanced and in harmony with your horse. You have to be natural, part of your horse. From there you can shape it into anything you want but without losing that naturalness.</i></p> <p>Here's to looking at riding from the <i>horse's</i> point of view and learning how to take what feels very unnatural to us to finally making sense and feeling good to our horse.</p> <p>Many riders never find that feeling because they are too focused on their technique rather than the overall goal of moving as one with their horse and then having their horse move as one with them – with smiles on both of your faces!</p> <p>We call this course a “makeover” because the changes in you and your horse are astonishing. Just ask your horse when you're done!</p> <p>Topics: <i>Banishing the brace (in both you and your horse!) - Fluidity, posture, position and balance - Powerful simulations - Confidence & Competence - FreeStyle flow - Finesse elegance - Inviting your horse into harmony - Exploring the different gaits - Secrets of smooth transitions - Polishing your style</i></p> <p>INTERMEDIATE (1-week): Covers Level 1 - 2 COURSE FEE: \$2000.
